ADDITIONAL TERMS OF YOUR CARDMEMBER AGREEMENT:

Your Interest Rates	<p>Your APRs are variable rates that will be calculated by adding a “spread” or “margin” to an index. The index is the Prime Rate as published in the “Money Rates” section of The Wall Street Journal. At the end of your billing period, we look at the Prime Rate as published on the last business day of the previous calendar month to determine your index. An increase or decrease in the index will cause a corresponding increase or decrease in your variable rates effective as of the first day of your billing cycle that begins in the same month in which such change in the index is published. If the APR increases you will pay a higher interest Charge and may have a higher Minimum Payment. If The Wall Street Journal ceases to publish the Prime Rate, or if it changes the definition of the U.S. Prime Rate, we may in our sole discretion, substitute another index.</p> <p>Once any introductory APR period has expired, to determine the APR for Purchases, we add 10.74% to the Prime Rate (currently 18.24% APR and DPR of 0.04997%), to determine the APR for Balance Transfers, we add 10.74% to the Prime Rate (currently 18.24% APR and a Daily Periodic Rate (DPR) of 0.04997%), and to determine the APR for Cash Advances, we add 20.74% to the Prime Rate (currently 28.24% APR and a DPR of 0.07737%).</p>
Minimum Monthly Payment	Your Minimum Monthly Payment will equal the greater of \$30.00 or 1% of the outstanding balance on the Account (inclusive of all fees other than the late fee) plus, interest charges, late fees and any past due amount.
Late Payment Fee	The Late Payment fee is \$29 , but \$39 if you did not make at least the minimum payment by the Payment Due Date in any of the 6 prior billing cycles. The Late Payment fee will not exceed the minimum payment amount.
Rush Order Fee – Card Replacement	\$25.00 each
